8/10/19   Declaration of a Climate Emergency
Cllr Townsend moved the following motion: -

It is proposed that Harden Village Council declare a climate emergency and works with local residents, businesses and community groups to support Harden becoming carbon neutral by 2030 and delivering least harm and maximum benefit to the environment as possible.

It is proposed that the Council: -

• Declares a ‘climate emergency’.
• Puts the emergency at the forefront of discussions and decision-making, ensuring negative environmental impact is avoided, minimised or mitigated and that positive solutions are embraced.

Signed: 14th November 2019
• Establishes a set of actions and commitments for working with and supporting local residents, groups and businesses to be more sustainable, progress against which will be assessed regularly.

• Calls on the Government and Bradford Council to provide the resources and powers so that our village can make its contribution to the UK’s carbon reduction targets and averting the emergency.

It was noted that the UK Government and Bradford Council have declared climate emergencies. The science is clear on the position and the urgency to take action. Children and young people are protesting about the issue which is as much of a local issue as a global issue. It seems appropriate that the Village Council should support the agenda and put the issue at the forefront of its thinking and integrate thinking about the climate with its decision making.

Cllr Sullivan mentioned a plastic free initiative in Denholme and undertook to put Cllr Townsend in touch with the person involved.

The link with Neighbourhood Planning was mentioned and Cllr Kirkham explained how this agenda was central to emerging policies in Harden.

Cllr Bryan queried whether it would be possible to persuade Bradford Council to pilot activity in Harden. A village wide 20 mph speed limit was cited as an example.

Resolved:
To declare a climate emergency and approve the motion as set out. To publicise the declaration including over social media, by press release and by contacting Bradford Council (Leader, opposition leaders and Chief Executive).

9/10/19 Traffic & Transport
Cllr Townsend shared details of a response received from Bradford Council to contact made with the Chief Executive about traffic issues on Harden Road (volume, speed and lack of provision for alternative modes of transport and travel). The Strategic Director of Place, Steve Hartley, had replied. The main assertion being that the footpath between Harden and Bingley was adequate and in good repair. Cllr Townsend intends to follow up with evidence of the condition and inadequacy of the footpath.

With regard to introduction of lower speed limits in Harden and between Harden and Bingley, it was stated that alternative funding would need to be identified. It is possible that in future Harden could receive necessary funding from a programme to improve air quality.

Cllrs Bryan and Townsend attended a recent Transport & Movement workshop as part of a public consultation exercise. Attendees called for integration across modes of travel and lowering of speed limits. The event seemed to have an urban focus, with little consideration of rural transport and traffic issues.
Resolved:
Cllr Townsend to circulate the response received from Bradford Council.

10/10/19     Local Council Award Scheme
Resolved:
To note that the Village Council had successfully achieved The Foundation Award Level of the Local Council Award Scheme, a quality accreditation scheme operated by the National Association of Local Councils. To thank the Clerk for his work in enabling the Council to obtain the award.

11/10/19     Horticulture
Cllr Taylor fed back from a recent meeting with the Village Council’s gardener. It was stated that the meeting was very positive and there was an opportunity to improve planting and ongoing maintenance.

Resolved:
Cllr Taylor to meet again with the gardener to discuss the existing maintenance schedule, establish time input required over the summer and winter periods, including for the barrier baskets, and to negotiate a mutually acceptable hourly rate.

12/10/19     Village Christmas Tree Event
Resolved:
Cllr Taylor to progress and to contact Shipley Print to obtain cost estimates for printing cards to display on a Village Council tree. Cllr Townsend to loan a synthetic tree for the event.

13/10/19     Exchange of Information
Cllr Taylor stated that a resident had raised an issue re. the wall behind the pub or by the dam. Cllr Kirkham offered to have a look.

Cllr Sullivan mentioned that Northern Grid will shortly be undertaking major upgrading works along several nearby main roads. This will inevitably impact on traffic.
