Free Sample Tin Enough for 36 Feeds. To induce every mother to try Neave's Food for her own Baby, we will send a sample tin free (sufficient for 36 feeds) if 14d. stamps are enclosed for postage with Coupon below.

GRANNY'S ADVICE: "Don't experiment: put Baby straight away on Neave's Food." If you do not feed your infant at the breast, you can only thoroughly perform your duty of fully nourishing Baby by adopting Neave's Food. It is laid down by Doctors and all Authorities on Infant Dietary that the only true test of a Baby Food is a comparison with Mother's Milk.

Neave's Food is expressly intended for infants of even the tenderest age. Prepare it carefully, strictly following the simple but full directions given. It then forms a complete diet for infants.
